Description:

We present you a wonderful plot with project in the south of Tenerife, in the area of Varadero- Alcala. This project consists of 55 luxury homes divided into two blocks with sea views, which will allow you to enjoy a privileged view at all times.

In addition, you won't be able to resist the two swimming pools that surround each building in its entirety, the communal solarium and the gymnasium. If you want even more privacy, the penthouses and ground floors have their own swimming pool and private rooms, as well as parking in the basements. And if exclusivity is your thing, the ten penthouses that make up the complex have private lifts.

This project is designed to be built in two phases if necessary, as it has separate accesses for this purpose. Don't miss the opportunity to live in one of the most exclusive areas of Tenerife and enjoy life to the full in your new property. Don't wait any longer and contact us today for more details!
